

## Early Childhood Studies Mission Statement

*“The Department of Early Childhood Studies prepares knowledgeable and caring professionals who are committed to contributing to a just society through high-quality education and social services for all children and families.”*

## Major in Early Childhood Studies

*For students declaring the major in Fall 2020 or later*

The Bachelor of Arts Degree in Early Childhood Studies provides students with the knowledge, skills, and dispositions needed to work effectively with children in early childhood (birth to age 8). Students will study multi-disciplinary theories, research, and best practices in early care and education, with an emphasis on socio-cultural factors that affect learning and development. They will learn how to use theories and research from anthropology, child development, education, health, psychology, sociology, and multicultural studies to promote the cognitive, social, emotional, and physical development of diverse young children. Students study the science of assessing children’s growth and development, acquire skills in effectively communicating with families and community partners, and prepare themselves to be leaders and advocates on behalf of all children and families. The ECS program is built upon the idea that young children are learning everywhere, all the time, and especially through their play.

### Concentrations

Students majoring in Early Childhood Studies *must choose a concentration in either Early Childhood Education or Early Childhood Development* at the time of declaring the major.

#### *Early Childhood Education*

The Early Childhood Education concentration prepares students for a career in an early education setting, including:

- Infant, toddler, and preschool teacher
- Administrator of an early education program
- Support services in agencies that serve young children and families
- Elementary teacher (requires completion of a post-baccalaureate Multiple Subject credential program)
- Special Education teacher (requires completion of a post-baccalaureate Special Education credential program)

#### *Early Childhood Development*

The Early Childhood Development concentration prepares students for a career working with young children and families in non-education settings. Students work with an advisor to prepare for a career in entry-level positions in social services or for graduate school in counseling, social work, child life specialist, etc.

Students interested in the *Integrated Teacher Education Program in Special Education* must meet with the advisors for the program. See additional information at [www.sonoma.edu/education/ecs/ITEP\\_ecs\\_else](http://www.sonoma.edu/education/ecs/ITEP_ecs_else)

## Prerequisites to the Early Childhood Studies Major

Students who are transferring to SSU or who wish to declare the Early Childhood Studies major are required to have a GPA of at least 2.5.

## Meeting with an Early Childhood Studies Advisor

If you have questions after reading through this packet, or if you wish to meet with an advisor about the Early Childhood Studies major, please contact an [Early Childhood Studies advisor](#). If you are changing your major or if you are currently “undeclared,” pick up a “Change of Major” form from the School of Education lobby and bring it to your first meeting with your advisor. To find your assigned advisor, please visit the [Early Childhood Studies page](#).

## Degree Requirements for B.A. in Early Childhood Studies
