## List of Programs

THIS PAGE INCLUDES:

[>> Program Information](#)

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

### Program Information

List each teacher preparation program included in your alternative, ihe-based route. Indicate if your program or programs participate in a Teacher Quality Partnership Grant awarded by the U.S. Department of Education as described at <https://www2.ed.gov/programs/tqpartnership/awards.html>.

# Program Requirements

THIS PAGE INCLUDES:

- >> [Admissions](#)
- >> [Undergraduate Requirements](#)
- >> [Postgraduate Requirements](#)
- >> [Supervised Clinical Experience](#)

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

## Admissions

1. Indicate when students are formally admitted into your initial teacher certification program:

If Other, please specify:

2. Does your initial teacher certification program conditionally admit students?

- Yes  
 No

3. Provide a link to your website where additional information about admissions requirements can be found:

4. Please provide any additional information about or exceptions to the admissions information provided above:

## Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. ([§205\(a\)\(1\)\(C\)\(i\)](#))

Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	10
Number of students in supervised clinical experience during this academic year	37

Please provide any additional information about or descriptions of the supervised clinical experiences:

## Enrollment

THIS PAGE INCLUDES:

>> [Enrollment](#)

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

## Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

### [Additional guidance on reporting race and ethnicity data.](#)

Unduplicated number of males enrolled in 2016-17	<input type="text" value="4"/>
Unduplicated number of females enrolled in 2016-17	<input type="text" value="16"/>

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. ## Teachers Prepared

THIS PAGE INCLUDES:

- >> [Teachers Prepared by Subject Area](#)
- >> [Teachers Prepared by Academic Major](#)

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

## Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

## Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

## Program Completers

THIS PAGE INCLUDES:

[>> Program Completers](#)

On this page, enter the total number of individuals who completed the program in AY 2016-17 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

- >> [Annual Goals - Mathematics](#)
- >> [Annual Goals - Science](#)
- >> [Annual Goals - Special Education](#)
- >> [Annual Goals - Instruction of Limited English Proficient Students](#)
- >> [Assurances](#)

On this page, review the annual goals in each subject area listed below. If you submitted an IPRC last year, the goals you entered last year are pre-loaded from your prior year's report. Please respond to the questions to report on progress towards the goals, and set new goals for the next academic year.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

## Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

### Academic year 2016-17

1. Did your program prepare teachers in mathematics in 2016-17?

- Yes
- No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in mathematics in 2016-17?

3. Did your program meet the goal for prospective teachers set in mathematics in 2016-17?

- Yes
- No
- Not applicable

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

## Assurances

Please certify that your institution is in compliance with the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#), [§206\(b\)](#)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

1. Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes  
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes  
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes  
 No  
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes  
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
- No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
- No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
- No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Elementary/Multiple Subjects: The program addresses the needs of all students. Special populations of students and their needs are addressed throughout the program. Specifically, the needs of limited English proficient students are met through the course EDMS 411: Teaching Second Language Learners and in EDMS 470: Multicultural Pedagogy. In addition, EDMS 463: Reading for Young Students and EDMS 464: Teaching Reading to the Older and Struggling Students, include strategies for limited English proficient students. In the field component of the program student populations reflect the growing need for teaching skills addressing the needs of children from low-income families. Courses and supervision are designed to meet the needs of students who qualify under special education guidelines, learners of English, or those who are low-income. The multiple subject field components is based on a strong collaborative model with mentor teachers and university supervisors addressing immediate and local school needs.

Secondary/Single Subject: The program has close ties with local and state agencies where graduates are likely to be hired. Forty-five hours of experience in an educational setting is an admissions requirement and students are placed in local classrooms for observation and student teaching experiences. A Community Advisory Board is comprised of teachers and administrators who advise our program on needs from the school sites which is fed back to instructors who adjust their curricula to meet the needs of the site and to help inform candidates of the need new teachers are facing in the classroom. Newly credentialed teachers are invited to participate in panel discussions and are asked to give individual presentations in program courses about issues they face in the field. All students take EDSS433: Teaching Adolescents With Special Needs. This introductory course presents theory, program concepts, and teaching practices related to students with special needs. Emphasis is placed on understanding and addressing the educational and social needs of secondary-aged students with disabilities as well as gifted and talented students. Our program coursework focuses on issues related to developmental needs of students from all socioeconomic backgrounds, races and ethnic groups. Our approach to instruction focuses on English language learner strategies, collaborative instruction for all classrooms, and issues related to teaching in underprivileged and low socioeconomic settings. Our field placements are in schools that are in low socioeconomic settings.

## Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program. ([§205\(a\)\(1\)\(D\)](#), [§205\(a\)\(1\)\(E\)](#))

1. Is your teacher preparation program currently approved or accredited?

- Yes  
 No

If yes, please specify the organization(s) that approved or accredited your program:

- State  
 NCATE  
 TEAC  
 CAEP  
 Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

- Yes  
 No

## Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes  
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes  
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes  
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes  
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Secondary/Single Subject alternative program: Faculty in the program model the use of technology via the use of Moodle and in Phase 1 courses. This will significantly enhance faculty's ability to use technology in their instruction. Using the CA TPA, we ask students to use online and digital technologies to develop and submit their CA TPA teaching event. All CA TPA and program assessment data is managed using various technology-aided strategies. Student teaching evaluations are completed online as well as all program-critical assessments and are analyzed. Feedback loops exist for examining all data via CA TPA and the critical assessments to help improve student learning. These data are discussed in monthly department meetings. Education Specialist Alternative Program: In response to recent state-wide changes in the preparation of Education Specialist (ES) candidates, SSU now provides all candidates with multiple experiences that help them integrate technology into their teaching. To this end, we offer EDSP 421C – a class that specifically addresses the effective use of technology in our educational environments. Additional ES courses extend this knowledgebase as candidates learn to apply the effective use of educational and assistive technology. As well, our ES candidates are well versed on the principles of Universal Design for Learning. Targeted lessons and related experiences in EDSP 400 and EDSP 425 offer our candidates the knowledge and skills that enable them to understand and apply the principles of UDL directly into their teaching environments.

On this page, review the questions about how your program trains general education teachers and special education teachers. For the purposes of these questions, general education teachers means those who are not specifically prepared as special education teachers. After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

## Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.  [\(§205\(a\)\(1\)\(G\)\)](#)

### 1. Does your program prepare general education teachers to:

#### a. teach students with disabilities effectively

- Yes  
 No

#### b. participate as a member of individualized education program teams

- Yes  
 No

#### c. teach students who are limited English proficient effectively

- Yes  
 No

### 2. Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Secondary/Single Subject Alternative Program: All single subject candidates are required to take EDSP 433: Teaching Adolescents with Special Education Needs. This introductory course presents theory, program concepts, and teaching practices related to students with special needs.

Legislation, policies, and practices pertaining to the education of students with special needs in a secondary setting are presented. Knowledge, skills and strategies including disability and gifted and talented identification, major roles and responsibilities in the Individual Education Program (IEP) process and collaboration between general and special educators aimed at successful inclusive educational practices are also addressed. 10 hours of field experience are included. Courses are focused on teaching students with English language learner needs. We believe teachers need to be skilled in teaching English learners how to access the subject areas that they teach. As a result, students who have English learner needs in our program benefit from this direct instruction.

### 3. Does your program prepare special education teachers to:

#### a. teach students with disabilities effectively

- Yes  
 No

Program does not prepare special education teachers

b. participate as a member of individualized education program teams

Yes

No

Program does not prepare special education teachers

c. teach students who are limited English proficient effectively

Yes

No

Program does not prepare special education teachers

4. Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Education Specialist Alternative Program: In examining recent data sources and related summative reports (CSU Exit Survey data, Program Portfolio evaluations and Exit Interviews), a majority of our Education Specialist (ES) candidates consistently report that they are Well or Adequately Prepared to meet the needs of individuals with disabilities and participate as members of the IEP team process. Similar high levels of preparation are also reported by their University Supervisors, Mentor Teachers, and Employment Supervisors. However, an area of continuing need remains their preparation to teach students who are English Learners. While the collective data suggests that our candidates feel somewhat prepared, this remains an area which requires ongoing monitoring. Our new program specifies a number of courses that address this content (EDSS 446, EDMS 463, and EDSP 400). Program faculty will continue to examine this area and periodically re-examine our student outcomes.

## Contextual Information

**Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.**

Sonoma State University's educator preparation programs submit reports annually to the university provost that detail student learning outcomes, candidate performance and the uses the programs make of these data to improve the programs. An approved California Teacher Performance Assessment is implemented for all multiple subject (elementary education ) and single subject (secondary) candidates as mandated by state law; the special education program is voluntarily developing a parallel performance assessment to the CA TPA Teaching Event. This assessment is a cornerstone of linking credential candidate performance to student achievement. The educator preparation programs also participate in the annual survey of graduates and their employers/supervisors. These data inform the program faculties regarding the perceived effectiveness of the preparation programs in the context of each graduate's first year of teaching. Data are combined and reported in the Traditional Report.
